Assembly Instructions

Please Note: For safety reasons, It is recommended that two or more people assemble this goal and it should take 45mins.

Sidebar and Backbar - Lay the Sidebars and Backbar out as shown in Fig 1 and insert the Ballast Box into the Backbar so that it is inset 192mm. insert the Ballast into both ends of the Box (Ballast quantities, sizes and shapes vary depending on Goal size, so insert equal amounts into each goal taking care to identify the differing lengths).

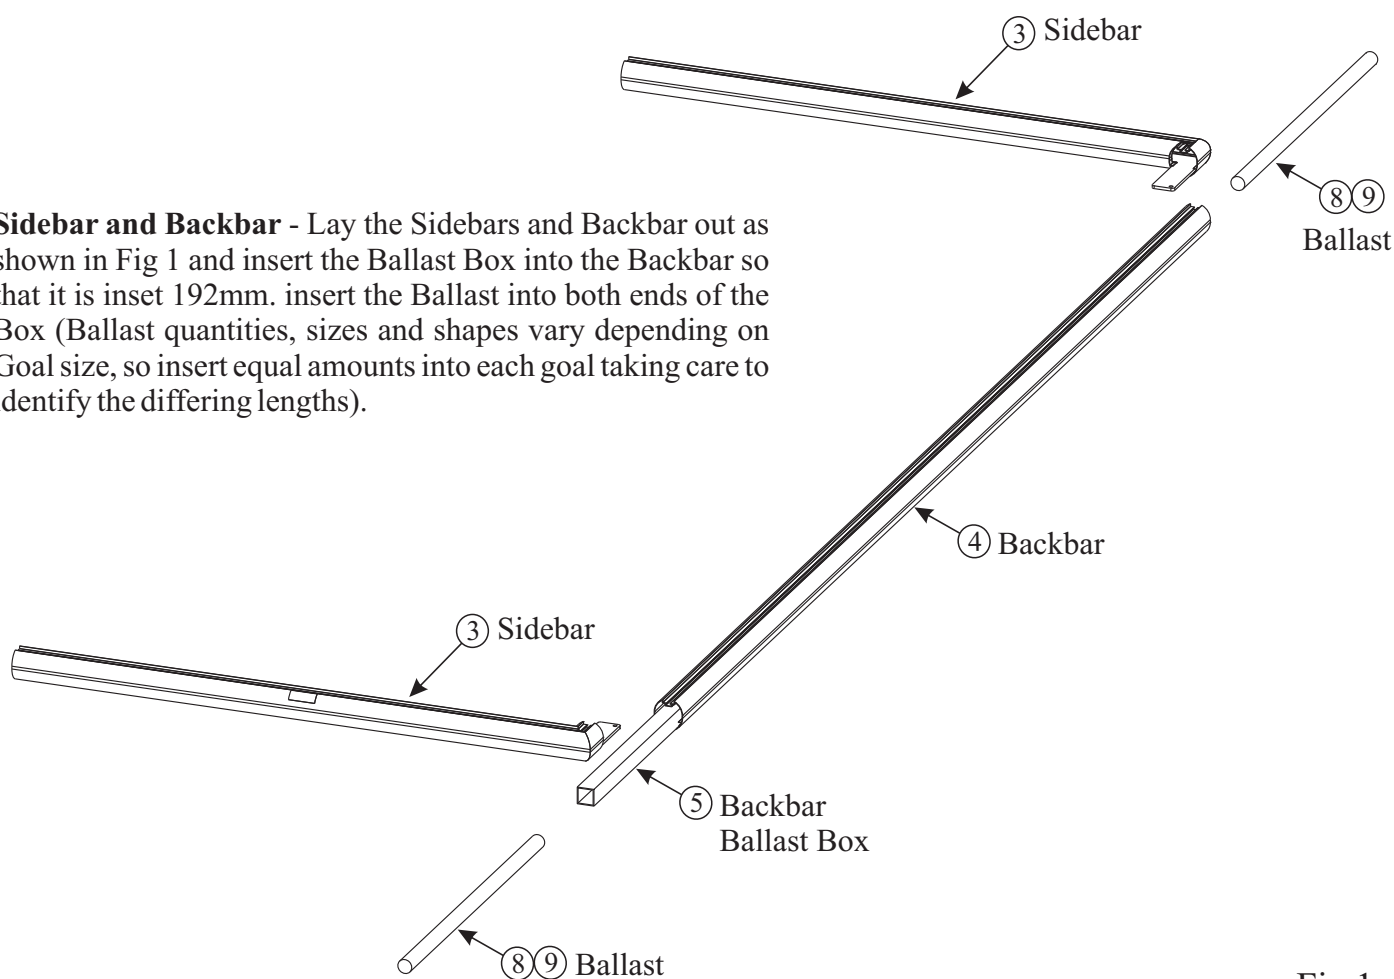

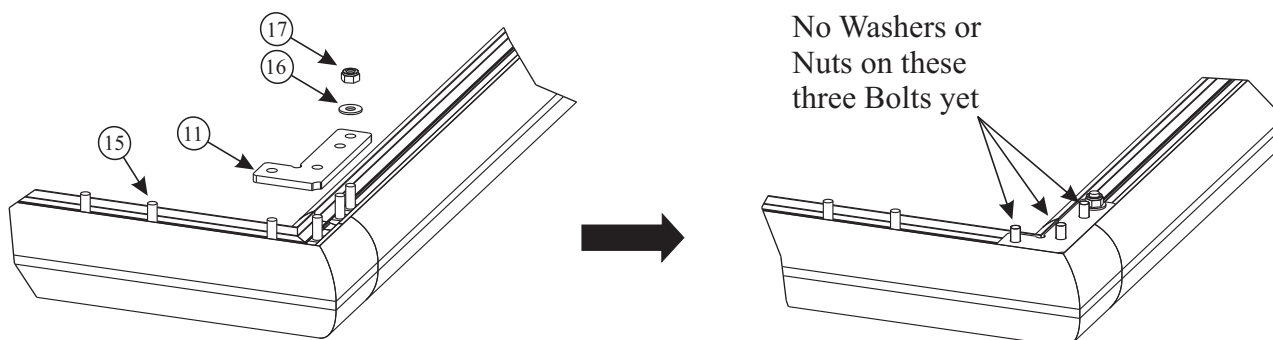

Fig 1

Fix the Sidebars to the Backbar as shown in Fig 2.

Important - Insert an additional 4 Square Head Bolts (item 15) from the Wheel Fittings Pack into each Sideframe, these will be used later for the Wheels.

Crossbar, Uprights and Net Supports - Lay the Crossbar and Uprights out as shown in Fig 3 and place the Net Support and Support Brace close by.

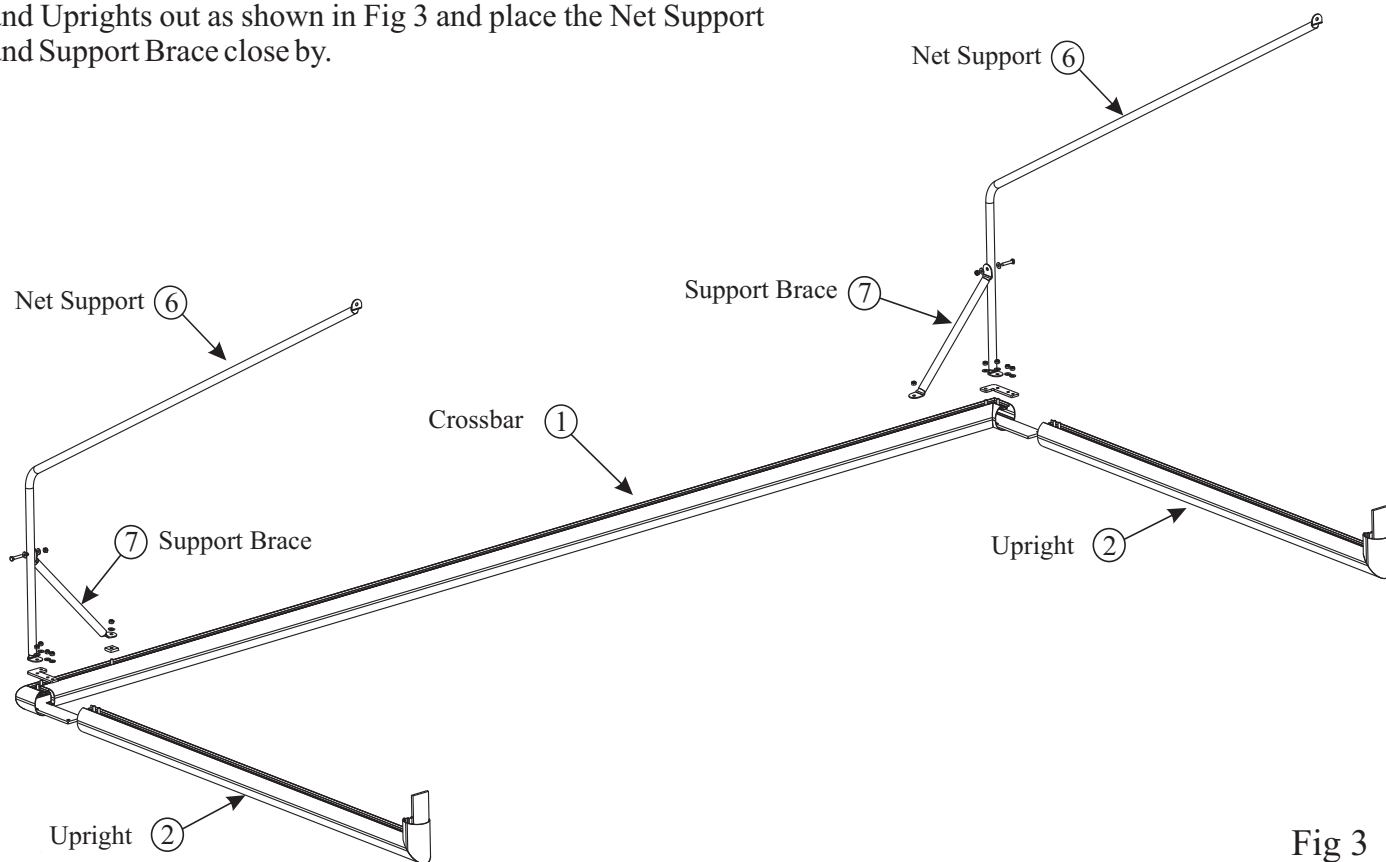

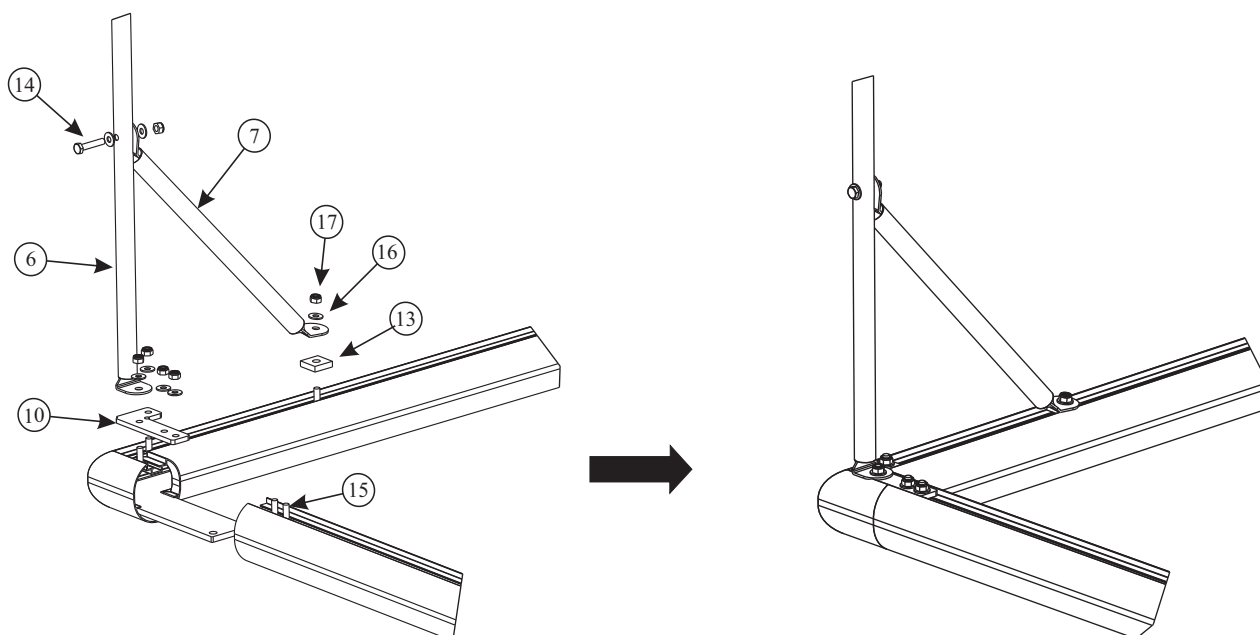

Fig 3

Fix the Uprights to the Crossbar as shown in Fig 4.

Tip - Someone will need to hold the Net Support in position while all the Bolts are being secured.

Product: 3G Weighted Portagoal

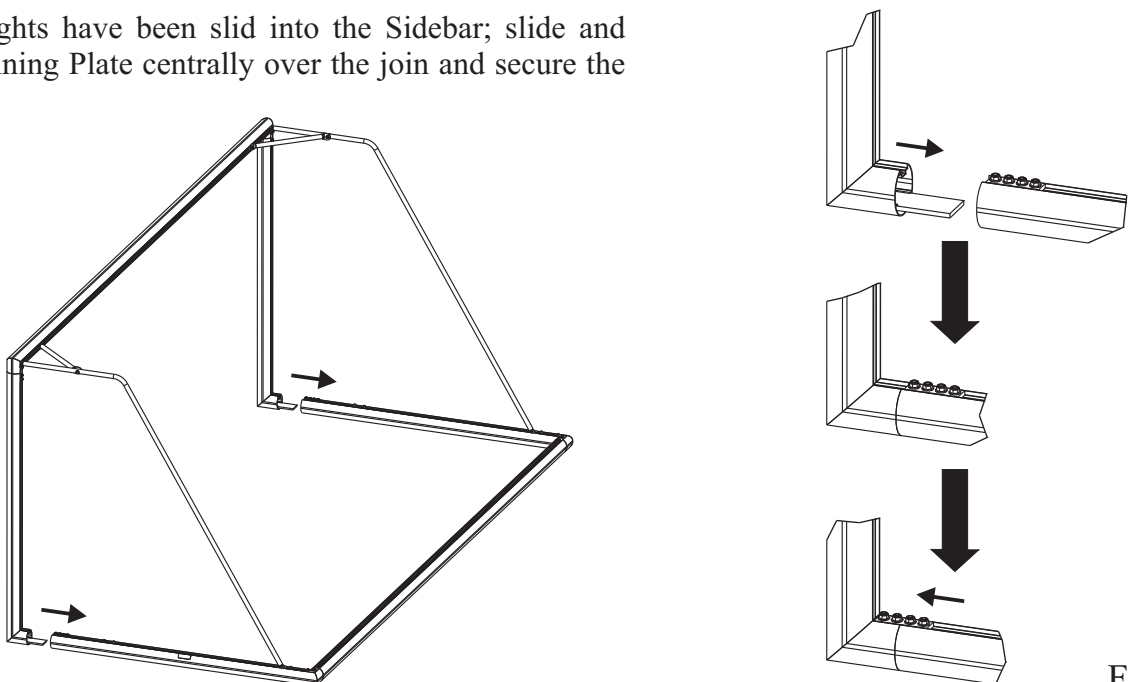

Fit Joining Plates to Sidebar - Loosely fit the Joining Plates (item 12) to the end of the Sidebars, as shown in Fig 5. Check that the additional 4 Square Head Bolts have also been slid into the section ready for the Wheels fitted later.

Join the Uprights to the Sidebars - 2 people are required to lift the Upright (with Crossbar and Net Supports attached) into the vertical position and slide the plates into the slot in the Sidebar, as shown in Figs 6 & 7.

Once the Uprights have been slid into the Sidebar; slide and position the Joining Plate centrally over the join and secure the Bolts.

Product: 3G Weighted Portagoal

Secure the Net Support to the Backbar - Loosely secure the bottom of the Net Support to the Bolt as shown in Fig 8, do not fully tighten until the wheel has been fitted.

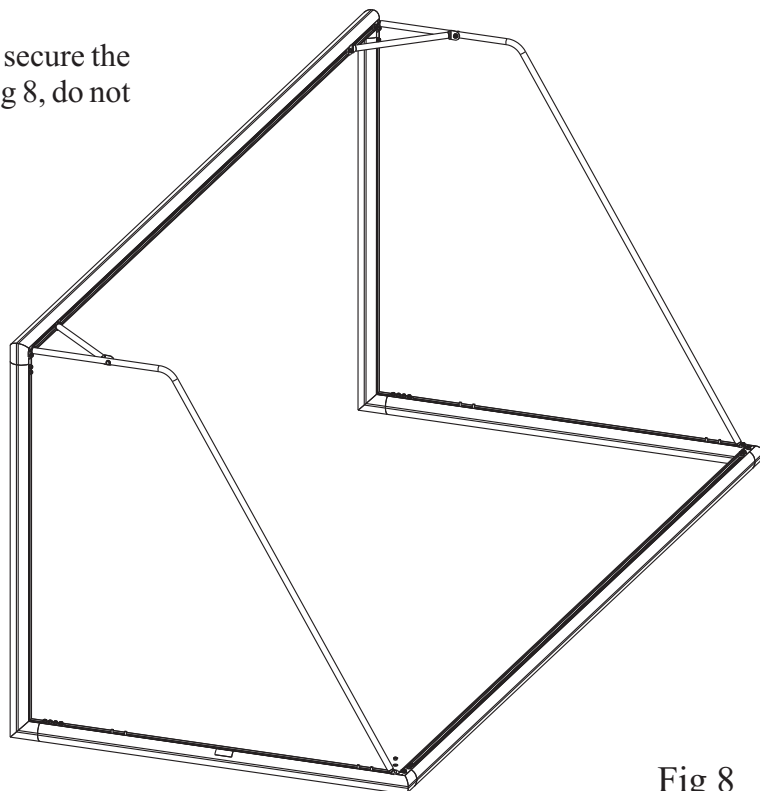

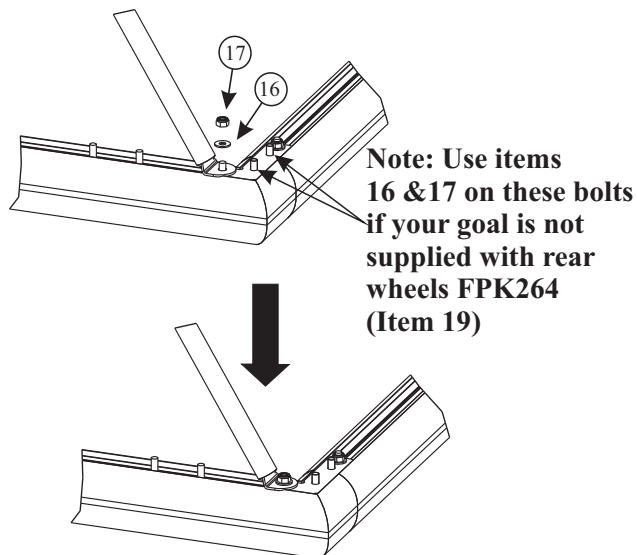

Fig 8

Wheels

Fitting the Wheels - Fit the wheels as shown in the Assembly Instructions included with the Wheels (INS606). The Wheel positions are shown in Fig 9, but you must consult the Wheel Assembly Instructions for Important Operational and Maintenance information.

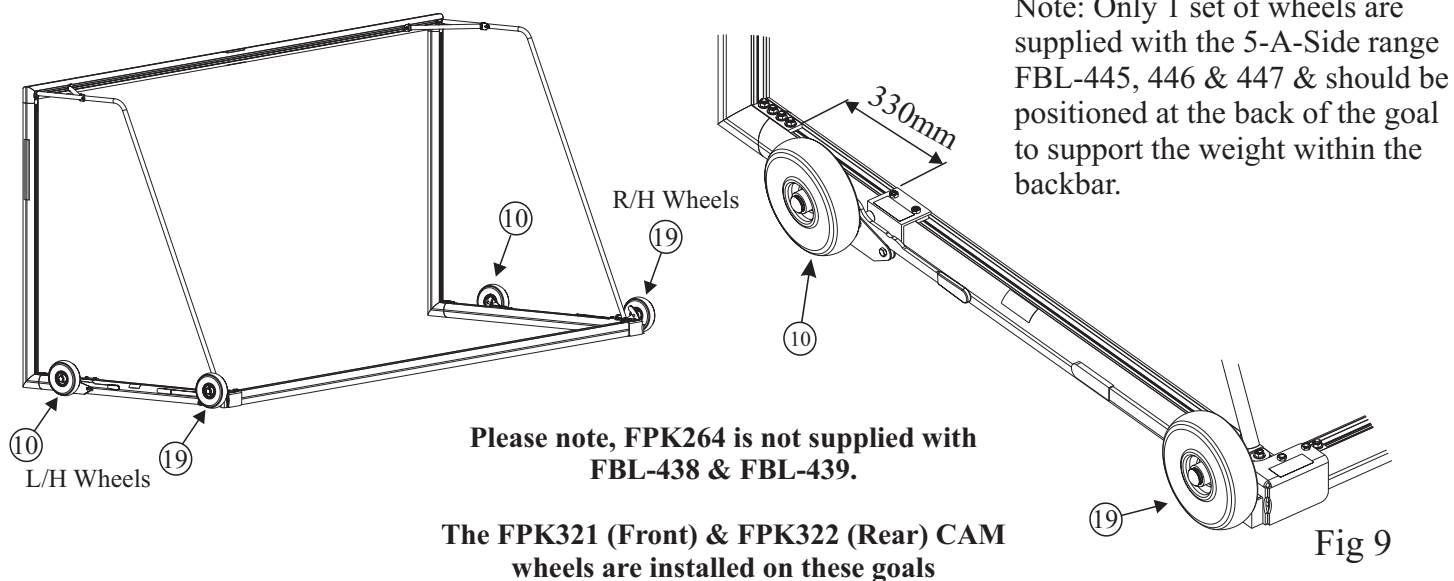

Fig 9

Net

Fitting the Net - Unpack the Net (Sold separately) and identify the Crossbar edge by locating the Crossbar Label. Attach the Net Hooks to the Net approx 250mm apart, then insert the hook into the slot on the goal section and twist to lock as shown in Fig 10 (it is a good idea to fit the Net at all corners first, to make sure that it is fitted correctly).
